success as a uniting idea.

Indonesia's history in the Twentieth century is regional history. Elson's book is devoted not to the history of Indonesia but to the idea of it, to the concept that such a thing as "Indonesia" actually exists. Elson traces the evolution of this idea from its infancy, as a nineteenth-century ethnologist's name for what others called the Malay Archipelago, up to the present. The Idea of Indonesia: A History - Google Books Result
